VIC Air filter specification changes

	A-943	A-1009	AN-212S
Previous			
New (Temporarily)			

Details of specification changes

The current production line has been suspended and will be temporarily supplied by another manufacturer.

The country of origin of the filter no changes from Japan.

There is no change in product function or performance as a result of this change.

The filter element of the filter has been changed from a white color material to yellow color material.

Effective date from Dec 2024 production / Jan 2025 shipments

This is a temporary measure and will be consolidated into one original product as soon as the production system is ready.

T. Miyaji
